- Clinician facing
- Protocol
- Patient facing
- Marketing for Pre-Trial
- Informed Consent
- Clinical Outcome Assessment
- Donor Applications
A pre-screened patient has a clinic appointment in 3 days. We need her consent. She speaks Gujarati.
BEST PRACTICES

• Live Files Always!
• As much lead time as possible, please.
  – 1,500-2,000 Words / day is standard.
  – Rush = $% to change when available.
• Always try to bundle docs of similar language when possible.
• Reference materials are always appreciated, but not necessary.
